

**Table A2-1: Relevant Consultation Records (Government Agencies)**

Topic	Date	Summary of Consultation Undertaken
Miscellaneous	24 May 2019	Moolarben Coal Operations (MCO) sought approval from the Resource Regulator for UG4 First Workings in accordance with Condition 79, Schedule 3 of PA05-0117.
	8 July 2019	The Resource Regulator confirmed their satisfaction with MCO's proposed first workings under Condition 79, Schedule 3 of the Project Approvals 05_0117 in relation to Moolarben Coal Project Stage 1 Underground 4 (UG4).
	15 April 2021	Moolarben Coal Operations (MCO) requested the endorsement of the Department of Planning, Environment (DPE) for the team of suitably qualified and experienced specialists.
	26 April 2021	DPE endorsed the Extraction Plan team.
	18 October 2021	MCO provided DPE a brief background to the approved UG4 Mine, an overview of the mine layout as proposed for the Extraction Plan, MCO's approach to the Extraction Plan and performance measures.
	11 December 2021	MCO provide the LW401-408 Extraction Plan to DPE for review and approval.
	11 March 22	Site Inspection by IAPUM and DPE representatives
	15 March 22	Request for additional information received from DPE
	22 March 2022	Response to DPE request for information
	27 April 2022	Request for response to IAPUM comments received from DPE
	13 May 2022	Response to DPE request for response to comments dated 27 Apr 22
	18 May 22	Request for additional information received from DPE
	27 May 22	Response to DPE request for information dated 18 May 22
	3 June 2022	Further response to DPE request for information dated 18 May 22
	15 June 2022	Response from DPE regarding IAPUM recommendations
Longwalls 401 to 408 Water Management Plan (LW401-408 WMP)	05 November 2021	MCO provided the Department of Planning and Environment – Water (DPE-Water) with Version 1 of the draft LW401-408 WMP for consultation.
	05 November 2021	MCO provided the Environment Protection Authority (EPA) with Version 1 of the draft LW401-408 WMP for consultation.
	08 November 2021	MCO provided the Natural Resources Access Regulator (NRAR) with Version 1 of the draft LW401-408 WMP for consultation as requested by Department of Planning and Environment – Water (DPE-Water).

MCO_UG4_LW401-408_EP_A2	1	June 22	July 22	MCO	B. Wesley

Topic	Date	Summary of Consultation Undertaken
	26 November 2021	EPA indicated that they had no specific comments on Version 1 of the draft LW401-408 WMP.
	9 Mar 22	DPE provided MCO with DPE Water correspondence advising of review of Extraction Plan with no comment on the Water Management Plan, and recommendations for future Extraction Plan noting DPE Water to publish guidance material in the future.
Longwalls 401 to 408 Land Management Plan (LW401-408 LMP)	21 June 2021	A meeting was held between MCO and NSW National Parks and Wildlife Service (NPWS) to introduce the UG4 Extraction plan, interactions with the Goulburn River National Park and the LW401-408 LMP.
	05 November 2021	MCO provided the Department of Planning and Environment – Crown Land (i.e. NSW Crown Lands) with Version 1 of the draft LW401-408 LMP for consultation.
	05 November 2021	MCO provided the NPWS with Version 1 of the draft LW401-408 LMP for consultation.
	08 November 2021	NPWS notified that Version 1 of the draft LW401-408 LMP response will be provided in combined with Biodiversity, Conservation and Science Division (BCS) for consultation.
	26 November 2021	Crown-Lands provided a response on Version 1 of the draft LW401-408 LMP.
	15 February 2022	DPE provided MCO with DPE Crown Lands provided general comments and BCS recommendations on the LW401-408 LMP
	8 March 2022	DPE Crown Lands confirmed no additional comments on the LW401-408 LMP.
	11 April 2022	Request for response to BCS comments received from DPE
	13 May 2022	Response to DPE request for response to comments dated 11 Apr 22 regarding Land Management Plan.
Longwalls 401 to 408 Biodiversity Management Plan (LW401-408 BMP)	05 November 2021	MCO provided the BCS with Version 1 of the draft LW401-408 BMP for consultation.
	03 December 2021	BCD provided a response on the LW401-408 BMP.
Longwalls 401 to 408 Heritage Management Plan (LW401-408 HMP)	06 October 2021	MCO provided Heritage NSW with Version 1 of the draft LW401-408 HMP for consultation.
	08 November 2021	Heritage NSW requested any correspondence MCO received from the RAPS regarding the draft LW401-408 HMP.
	08 November 2021	MCO provided correspondence received from the RAPS regarding the draft LW401-408 HMP.
	07 December 2021	Heritage NSW provided a response on the LW401-408 BMP.
	12 April 2022	Additional Mitigation Strategy for S1MC280 provided to RAPS for consultation

**Table A2-2: Relevant Consultation Records (Infrastructure Owners)**

Infrastructure Owner	Date	Summary of Consultation Undertaken
Australian Rail Track Corporation (ARTC) (Sandy Hollow Gulgong Railway Line and associated infrastructure)	10 June 2021	MCO provided ARTC with introduction to UG4, extraction plan timeline, invitation to ARTC assets risk assessment. ARTC indicated that they did not need to attend the risk assessment.
	25 August 2021	MCO provided ARTC with Version 1 of the draft LW401-408 BFMP-ARTC.
	08 September 2021	ARTC provide comments on Version 1 of the draft LW401-408 BFMP- ARTC.
	26 March 2020	MCO responded to ARTC comments, administrative changes were made to BFMP-ARTC as a result of initial feedback.
Mid-Western Regional Council (MWRC) (public roads)	11 August 2021	MCO provided MWRC with introduction to UG4, extraction plan timeline, invitation to MWRC assets risk assessment. MWRC indicated that they did not need to attend the risk assessment.
	04 September 2021	MCO provided MWRC with Version 1 of the draft LW401-408 BFMP-MWRC.
	17 September 2021	MWRC indicated that they had no comments on the LW401-408 BFMP-MWRC.
Essential Energy (EE) (22 kV powerline)	04 June 2021	MCO provided EE with introduction to UG4, extraction plan timeline, invitation to EE assets risk assessment. EE indicated that they did not need to attend the risk assessment.
	25 August 2021	MCO provided EE with Version 1 of the draft LW401-408 BFMP-EE.
	06 September 2021	MCO phoned to follow up regarding feedback for LW401-408 BFMP-EE
	30 September 2021	MCO sent follow up email regarding feedback LW401-408 BFMP-EE
	29 October 2021	MCO sent follow up email regarding feedback LW401-408 BFMP-EE
	04 November 2021	EE indicated that they had no comments on the LW401-408 BFMP-EE
TransGrid (330 kV electricity transmission line and towers)	13 August 2021	MCO provided TransGrid with introduction to UG4 and extraction plan timeline. MCO provided TransGrid with subsidence predictions for TransGrid assets. Due to the very low potential for subsidence impacts on the 330kV Transmission Towers, a BFMP for the 330kV line was not considered necessary during the extraction of Longwalls 401-408
Telstra (copper and optical fibre)	03 June 2021	MCO provided Telstra with introduction to UG4, extraction plan timeline, invitation to the Telstra assets risk assessment. Telstra indicated that they did not need to attend the risk assessment.
	25 August 2021	MCO provided Telstra with Version 1 of the draft LW401-408 BFMP-Telstra.
	06 September 2021	MCO phoned to follow up regarding feedback for LW401-408 BFMP-Telstra

MCO_UG4_LW401-408_EP_A2	1	June 22	July 22	MCO	B. Wesley

telecommunication cables)	30 September 2021	MCO phoned to follow up email regarding feedback LW401-408 BFMP-Telstra
	29 October 2021	MCO sent follow up email regarding feedback LW401-408 BFMP-Telstra
Ulan Coal Mines LTD (Bridge, Groundwater bores, powerlines, telecommunications tower, dams) (UCMPL)	29 April 2021	MCO notified UCMPL of the Moolarben UG4 Longwalls 401-408 Extraction Plan.
	30 September 2021	A meeting was held with UCMPL to discuss the Draft LW401-408 BFMP-UCMPL. UCMPL indicated that they did not need to attend the risk assessment.
	08 October 2021	MCO provided UCMPL with Version 1 of the draft LW401-408 BFMP-UCMPL.
	12 October 2021	MCO and UCMPL Phone meeting to discuss draft LW401-408 BFMP-UCMPL. UCMPL requested a figure to be updated with no further comments.
	13 October 2021	MCO provided updated figure to UCMPL
	04 November 2021	MCO phoned to follow up email regarding feedback LW401-408 BFMP-UCMPL
	16 November 2021	UCMPL provided comments on Version 1 of the draft LW401-408 BFMP-UCMPL.
	02 December 2021	MCO provided UCMPL with a response to their comments on Version 1 of the draft LW401-408 BFMP-UCMPL.
	06 December 2021	UCMPL indicated that they had no further comments on the LW401-408 BFMP-UCMPL
	03 February 2022	UCMPL provided additional responses to the LW401-408 BFMP-UCMPL
	21 April 2022	MCO provided UCMPL with Version 2 of the draft LW401-408 BFMP-UCMPL.
	29 April 2022	UCMPL indicated that they had no further comments on Version 2 of the LW401-408 BFMP-UCMPL
	20 June 2022	UCMPL advised extraction from PB1C groundwater bore ceased in May 2022 and the Millers Dam Reverse osmosis plant adjacent to Millers Dam is no longer in use.
Dronvisa (Gravel / Clay Quarry and related infrastructure)	02 March 2021	MCO provided Dronvisa with introduction to UG4, extraction plan timeline and requirements for Cultural Heritage surveys as well as invitation to the Dronvisa assets risk assessment.
	10 March 2021	Dronvisa Site inspection completed with Dronvisa, MCO and Subsidence Specialists.
	30 July 2021	A meeting was held with Dronvisa to discuss the Draft LW401-408 BFMP-Dronvisa. MCO provided Dronvisa with Mine Subsidence Engineering Consultants' (MSEC's) subsidence predictions for relevant Dronvisa assets.
	10 August 2021	A meeting was held and site inspection completed at MCO to provide Dronvisa an overview of general subsidence impacts and observations from UG1.
	08 October 2021	MCO provided Dronvisa with Version 1 of the draft LW401-408 BFMP-Dronvisa
	20 October 2021	Risk assessment meeting with Dronvisa, MCO and MSEC, facilitated by AXYS Consulting completed.

**Table A2-3: Relevant Consultation Records (Aboriginal Stakeholders)**

Date	Summary
10 May 2021	Meeting with Registered Aboriginal stakeholders and MCO to notify of the Moolarben UG4 Longwalls 401-408 Extraction Plan.
01 October 2021	MCO provided the following Registered Aboriginal stakeholders with Version 1 of the draft LW401-408 HMP: <ul style="list-style-type: none"> <li>• Mudgee Local Aboriginal Land Council</li> <li>• Warrabinga Native Title Claimants Aboriginal Corporation.</li> <li>• Murong Gialinga Aboriginal &amp; Torres Strait Islander Corporation.</li> <li>• North East Wiradjuri Company Ltd.</li> <li>• Wellington Valley Wiradjuri Aboriginal Corporation.</li> <li>• Craig McConnell.</li> <li>• Aleisha Lonsdale.</li> <li>• Warranha Ngumbaay.</li> </ul>
19 October 2021	Murong Gialinga Aboriginal & Torres Strait Islander Corporation highlighted concerns regarding the management of rock shelters in UG4 and their concern that Aboriginal sites and objects are recorded as medium and low scientific significance as they are all significant to Murong Gialinga Aboriginal & Torres Strait Islander Corporation.
05 November 2021	Meeting with Registered Aboriginal stakeholders to discuss the draft LW401-408 HMP.
12 April 2022	Additional Mitigation Strategy for S1MC280 provided to RAPs for consultation
13 April 2022	North East Wiradjuri Company provided support for the further reduction in impact.
